

Sinclair Broadcasting's decision to air anti-Kerry propaganda prior to the presidential election is contradictory to the public interest and an affront to democracy.

Sinclair does not own the public airwaves and is allowed use of the airways by the people of this nation. But Sinclair deliberately ignores this mandate and violates the public trust when it seeks to present politically biased programming as news.

How sad to consider the lost lives and dollars spent to fight the "evil empire of dictatorial communism," only to see our own country degenerate into a one-party tyranny.

Sinclair's actions show they are eager to imitate the former Pravda, and the FCC is obligated to take control of this problem on behalf of the American people.
